

BUILT ON TRUST. BUILT FOR THE FUTURE.

Company Vision:

Our vision is to be a leading provider of safe, reliable, affordable energy, enhancing the quality of life for our customers, supporting economic growth, and contributing to a sustainable energy future.

Mission:

Our mission is to provide safe, reliable, and affordable energy service our customers can depend on, strengthen the communities we serve, and advance a sustainable future.

Values:

SAFETY

We prioritize safety to protect our employees, customers, communities, and the critical infrastructure we operate.

SERVICE

We deliver safe, reliable, affordable service people can count on.

INCLUSION

We respect one another and value different perspectives.

COMMUNITY

We work to earn (and retain) trust by investing in our employees, customers, and communities where we live and work.

INNOVATION

We aim to lead responsibly into the future through our people, infrastructure, and technology.

What we do matters. How we do it matters.
